

Checklist for your Mayflower Society Application

- Did you print and sign **one** copy of your worksheet?
- If you made changes to your worksheet on your computer, did you highlight them so they stand out?
- Do you have **two** photocopies of each document? No staples, folders or binders please.
- No highlighters please. On old handwritten documents, please point out what you want me to see with a post it note.
- Are all your documents letter or legal sized?
- Do you have all available birth, marriage and death certificates for both the line carrier **and spouse** as far back as you can get them? Index records are not acceptable if a real record exists. Marriage documentation for multiple marriages are important to explain name changes for women and spouse names on death certificates.
- Do you have at least one primary document or two secondary documents that link each line carrier to his/her parents back to the generation that ends in the MF citations? [Please refer to the documentation guidelines for clarification on what is primary and what is secondary, and what is inadmissible.]
- Does each document say what you are trying to prove?
- Are all your documents legible? If we can't read it, we can't use it. Make sure no critical data is cut off at the edges of pages.
- Do you have your documents sorted into two packets, ordered by generation with yourself on top?

Please send your worksheet and documentation to:
